UI/UX Developer

Globussoft Technology pvt ltd.

Jan 2023 – Dec 2024

Bhilai, Chhattisgarh

- Utilized HTML5 and CSS3 to create the visually appealing **Pixel-Perfect Responsive User Interface**, ensuring seamless support for mobile devices.
- Designed, Implemented, and maintained modular **Reusable React Components** within a Micro Frontend Architecture.
- Interacted with team lead and took ownership of code refactoring and making code reusability then improved the application **Performance by more than 25%** .
- Employed **JavaScript**, **React.js**, CSS, SCSS, NPM, and Storybook to develop single-page applications (SPAs) and implement key features.

UI Developer

Vyakar Technology pvt ltd.

Mar 2025 – Oct 2025

Bhilai, Chhattisgarh

PROJECTS

Movie App (HTML Css, JS, reactjs, scss, Git)

[Link](#)

This is a basic prototype of a movie search web application built with React.js. It demonstrates the ability to fetch movie data from the TMDB API and display it in a simple, responsive user interface. This is a prototype and may not include all error handling or optimizations that would be present in a production application. The emphasis is on demonstrating the ability to work with React.js and API integration to build a simple web application.

E-commerce (MERN)

[Link](#)

Built a full-stack e-commerce website using React, Redux, Node.js, Express, MongoDB, and Tailwind CSS. Designed responsive product pages, a dynamic cart, and a secure checkout flow with React and Redux for state management. Developed RESTful APIs with Express and Node.js for handling authentication, product management, and orders. Used MongoDB to store user, product, and order data, ensuring scalability. Styled the application with Tailwind CSS, delivering a modern and user-friendly interface. Created a seamless shopping experience with efficient frontend-backend integration

EDUCATION

Chhattisgarh Swami Vivekanand Technical Univercity

BE in Computer Science Engineering

Bhilai, Chhattisgarh

Aug 2014 – May 2019
