PROJECTS

Event Booking App (React, Node.js, MongoDB)

[Link](#)

This project is a complete event booking platform built with React, Node.js, and MongoDB. It allows users to safely register for events while giving admins a clear dashboard to manage ticket sales and track revenue.

E-commerce (MERN)

[Link](#)

ShopNest is a full-stack MERN e-commerce website where users can browse products, manage their carts, and make secure online purchases. It includes an admin dashboard to manage store items and a complete checkout system using Razorpay.

Tak Manager (MERN)

[Link](#)

Task Manager MERN is a complete web app for teams to organize, assign, and track their daily work in one place. It has separate dashboards where admins can manage users and tasks, while team members can easily update their progress.
